Experience**ANGEL ONE**

Associate Product Manager

Strategic Thinking in Scaling the Web Platform

- Increased the share of Web DAU in overall DAU from **4% to 7%** by optimising for NPS as the north star metric for web
- Moved web NPS from **20 to 35 (75%)** in 1 year by targeting high-engagement user segments with focused innovation
- Guided competitive initiatives by building a **250+ slide competitive intelligence repository** on the top brokerage apps
- Achieved **15%+ adoption rates** for major feature launches by fine-tuning **GTM strategies** in collaboration with PMM
- Improved average web vitals by **10%** by launching a new design system that simplified UI deployment cycles for devs
- Lifted CTRs by **15%** on key pre-trade features (like Home, Markets and Portfolio pages) to increase new user activation

Cross-functional Team Management and Operational Efficiency

- Won 'Bold Team of the Quarter' twice in 2 years (20-person team out of an entire organisation of 3.5k employees)
- Shipped varied platform initiatives by leading a **cross-functional agile team** of 15+ engineers, 6 QA and 2 designers
- Maintained alignment across management, compliance, back end, marketing and other product teams org-wide
- Reduced bugs count and TAT by running 7 quarterly retrospectives that led to process fixes in the web team overall

Driving Crisis Management and Laying Foundational Strategy

- Delivered 3 organisation-wide compliance mandates on exchange interoperability, algo orders and order rejection flows
- Selected in a 3-member product team (out of 35+ PMs) under the CTO to build a new platform from scratch (2 of 5 PRDs)
- Launched the New Design System project (delayed by 2 quarters) within 1 month of receiving it by resolving blockers
- Resolved 50+ escalated customer issues by doing root cause analysis alongside engineers with limited scope for delays

Data-driven and Prototype-enabled Decision-making in Agile Timeframe

- Optimised the quality of feature launches by introducing the **A/B experimentation** framework to be used in the web team
- Identified cohort-wise pain points by conducting **200+ phone interviews** and **20+ online surveys** on platform feedback
- Accelerated management approvals by **50%** by using **no-code prototypes** presented during strategy deck walkthroughs
- Reduced drop-offs and sharpened prioritisation by building **2 primary funnels** and key performance dashboards

Associate Content Analyst

Cross-functional Handling of Organic Marketing and PMM Initiatives

- Made **1000+** content assets for both the organic marketing (SEO) and PMM teams - daily blogs, CXO posts, reel scripts
- Generated **25K+ monthly organic account openings** as the primary Fintech content contributor on a 4-person team
- Won the SEO Campaign of the Year 2024 award from The Great Indian BFSI Awards, as part of the organic content team
- Published **10+ content pieces per day** by creating an efficient AI-driven SOP that could be followed by any writer to scale
- Scaled content output by **3x** by implementing an **AI-led content strategy** via an assessment report on ChatGPT in May'23

Mar'23-Mar'24
Bengaluru

Internships**ANGEL ONE**

Intern Content Writer

- Increased Knowledge Centre organic traffic **3x** by auditing 1,500+ articles and deleting or joining 350+ redundant pages
- Authored end-to-end user manual for Angel One Super App in collaboration with product team during new app launch

Jul'22-Mar'23
Bengaluru

Projects**PELICANX | AI-led building**

- Built a **prototype online repository of Fintech industry trends** from scratch with Claude Code - accessible via web
- Built for MBA grads, entrepreneurs and investors curious about Fintech to do **deep domain research on industry trends**

GENZENIUS | Dropshipping Challenge

- Sold **₹90,000** worth of varied items (chips, clothing, electronics) - helped design Shopify website and select products

Jul'26-Aug'26
Gurugram

Achievements

- Received full tuition and hostel scholarship from **Bar-Ilan University in Israel**, for summer course on identity-based conflict

Jun'16
Israel

Certifications

- Design Rules: Principles + Practices for Great UI Design | *Udemy*
- Introduction to Systems Architecture | *Coursera, IBM*
- NICR Commodity Certification Course | *NICR (NCDEX)*
